

EverTrust Capital Growth Fund

Policy Document

Date of Issue: 30th October 2025

1. Policy Overview

EverTrust Capital Growth Fund is a high-yield mutual fund scheme that claims to invest in emerging startups and private ventures across Asia-Pacific. The fund purports to operate under special partnership programs with government and private investors, although no official documentation or verification for such partnerships has been made publicly available.

2. Fund Objective

The primary objective of the EverTrust Capital Growth Fund is to deliver an average of 22% annual returns to investors through strategic investments in early-stage equity, pre-IPO companies, and private buy-ins. The fund aims to leverage 'exclusive' access to startup portfolios for maximum growth.

3. Fee Structure

- Minimum investment: ₹1,00,000
- Joining fee: 6% (non-refundable, deducted at the time of enrollment)
- Early exit: Subject to 'administrative evaluation fees', which are not explicitly defined and may vary depending on internal fund assessments.

4. Terms & Conditions

Investors are required to maintain confidentiality regarding all fund-related communications and transactions. The fund reserves the right to delay or restructure payouts in case of 'market corrections', 'compliance checks', or 'internal reviews'. There is currently no mention of third-party audit or investor oversight.

Investors acknowledge that all decisions made by the fund's management are final and binding, and no external dispute resolution body has been designated under this scheme.

5. Risk Disclaimer

Investment in early-stage and unlisted companies carries substantial risk. The fund's promised returns are not guaranteed and may depend on internal fund performance and

EverTrust Capital Growth Fund

management discretion. Potential investors are advised to seek independent financial advice before participating.
